Technology at work for you

CONNECTING YOUR CONFERENCE TO THE TECHNOLOGY RESOURCES YOU NEED

Network with your peers and enhance your career. Whether looking for your industry's hottest topics, the latest research breakthroughs and innovations, short courses on changing technologies, or vendor exhibits of new commercial products and services, UbiCC has it covered.

Find the conferences that meet your needs with the UbiCC Conference Search, where you can search by date, location, or UbiCC sponsor. Search results

links to conference websites, and special issue with UbiCC for technical program, registration and additional information.

Conferences offer a unique opportunity for developing a wide range of professional relationships. Expert panels, presentations, key note speeches, exhibits and social events all provide an opportunity to interact with the leaders and innovators in your field of interest.

ABOUT US

The papers of original research and innovatory applications from all parts of the world are welcome.

The papers for publication in UBICC are selected through rigorous peer reviews to ensure originality, appropriateness, significance, and readability.

BE A LEADER

As an UbiCC conference organizer you can connect with others in your profession, make new contacts, and contribute to your field of interest.

Have you identified a need for a conference in an emerging technology, looking to help bridge the gap between research and development and engineering and implementation? Become a conference organizer and make a difference.

CONFERENCE CONSULTING PROVIDES A TOTAL END TO END SOLUTION.

APPLICATION MANAGEMENT

UbiCC Journal conferece collaboration solution is a free conference management system that is flexible, easy to use, and has many features to make it suitable for various conference models.

It is currently probably the most commonly used conference management system.

Journal/Conference handling solution has been designed to help program chairs to cope with the complexity of the refereeing process. The current version supports:

- Sophisticated and flexible management of the access of PC members and referees;
- Online discussion of papers;
- Monitoring emails;
- Paper submission; and many more ...

SCOPE

The Journal aims to provide an environment in which ideas and research can be presented, discussed and criticized so that best practice can be assimilated into the new curricula of schools, colleges and universities. For further details contact: info@ubicc.org

EDITORIAL BOARD

The editorial board of Ubiquitous computing and communication Journal consists of leading specialists of the field from the globe.
